### **Street projects**

Mayor and Council discussed future street projects. The Mayor and Council have committed to improving the street infrastructure and discussed how to proceed with repairs. Both Mayor Hansen and Council would like to see the City move away from chip seal. They feel that the chip seal only provides a "band aid" repair. They would like to see the roads repaired down to the base of the street. Council also stated that they would hate to see road repairs done first and then storm drains which would require digging up the already repaired road. Mayor and Council directed T. Woodhurst to contact Leo Foley from V&K to see how much the projected costs would be to complete Broad Street.

Motion made by H. Kramer and seconded by T. Franzen to close the work session. All ayes. Motion carried.

Motion was made by D. Ward, seconded by P. Meyers to enter into Closed Session per Iowa Code 21.5 Closed Session section (1) to evaluate the professional competency of an individual whose appointment, hiring, performance, or discharge is being considered when necessary to prevent needless and irreparable injury to that individual's reputation and that individual requests a closed session. All ayes. Motion carried.
